**REPORT AND ORDER  
(Proceeding Terminated)**

**Adopted: February 16, 2005**

**Released: February 18, 2005**

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a multiple docket *Notice of Proposed Rule Making* setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules.<sup>1</sup> The petitioner for each proposal has filed comments reiterating its interest in the channel and has stated that it will apply for each requested channel, if allotted. No other comments or counterproposals were filed.

2. This is a multiple docket *Report and Order* issued in response to a Commission *Public Notice* released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single *Report and Order*. Each proposal has its own docket and rule making number and the Commission's Reference Information Center will maintain a separate file for each docket. As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We discuss the following proposals:
